WennSoft

BACKGROUND

Founded in 1970 by Don Damuth when he purchased the Trane Commercial franchise, Damuth Trane has grown exponentially to become a premiere professional energy services company that specializes in providing building solutions to clients through the sale of HVAC equipment, controls, parts, service, and energy solutions. The company remains a family-owned business operating in the Coastal Virginia area, with over 200 employees, including over eighty specialized service and controls technicians and eight certified energy managers. Additionally, the company operates three parts & supplies locations offering the largest inventory of Trane OEM parts and other HVAC supplies in the region.
